Full stack developer with a passion for coding. Transitioning from eight years in the appliance repair industry where strong problem solving skills, ambition to learn, and adaptability allowed me to achieve lead servicer roles. Utilizing these same skills, I am eager to push my programming skills and expand my skillsets to overcome new challenges and solve complex problems through code.

Skills

- **Front-end:** JavaScript | jQuery | HTML | CSS | Bootstrap | React | WordPress | AJAX | JSON | API Integration | Mobile Responsive | Flexbox
- **Back-end:** Java | Spring | J2EE | MySQL | PHP | Laravel | MVC | Object-Oriented Programing (OOP)| CRUD | Apache Tomcat | Apache
- **Development Tools:** Git/Github | IntelliJ | Sublime | VS Code | XAMPP

Development Projects

Fix It Hub / July 2017   fixithub.solutions
Java | Spring | MySQL | JavaScript | jQuery | HTML | CSS | Mobile Responsive | Tomcat
A full-stack Java application that connects clients to appliance service companies. Users can search and schedule service appointments based on companies submitted availabilities, view and submit reviews, and store records of all service on their appliances.

Texas Affordable Appliance / June 2017   txaffordableappliance.repair
HTML | CSS | JavaScript | jQuery | PHP | Mobile | Bootstrap | Google Maps API | LAMP
A mobile responsive website for a local appliance repair company to help with their web presence. Features a PHP contact form, zip code checker, Google map of service area, and four static pages.

Education

Codeup / Full Stack Java Development   March – July 2017
An Immersive full stack developer program with over 536 hours of expert instruction and development of projects.

Capella University / Information Technology   2015 - 2016
Undergraduate studies in Information Technology with a major in web development.

Experience

Fully Stacked Development / Web Developer   July 2017 – Present
- Develop web presence and manage client relationships.
- Develop client web pages using HTML, CSS, JavaScript, and PHP.
- Customize and install WordPress themes per clients' needs.

Allstar Appliance Repair / Service Technician   April 2016 – March 2017
- Utilized strong problem solving and analytical skills to diagnose and repair residential appliances.
- Adapted to and maintained up to date technical knowledge of industry specific technologies.
- Collaborated with and assisted fellow technicians in solving higher technical problems.
